Good morning~

Do you have the information for this FEDEX package? I need a cost center to pay this bill.

The package came to me, but (b) (6) with HW should give you the cost center.

Hello~

I have a bill in the amount of \$16.43 that has tracking number 862598875183 on it. The statement shows that the package may have came to you from (b) (6) by overnight delivery. Do you recall receiving it? I am in need of a cost center to use for payment. Any information that you have may help. Thanks.
